New for old

With **new for old** cover you can enjoy a brand new unit and contents if yours are damaged beyond economic repair or stolen. To insure 'new for old' the values opposite must represent the current brand new cost on your park (or nearest equivalent model if no longer made). Please be aware that this may increase slightly each year with inflation. If your park allows, insuring at **market value** can offer a lower premium.

Do I really need this?

Personal possessions are items you bring from home, e.g. clothing. These items are often covered under your home insurance. There is a single item limit, see your Schedule for details.

Top tip

If the figures calculated are different to those on your Schedule, please call us to check your premium. Please note that the values represent the maximum amount that would be paid out in the event of a claim.

Please ask your park for advice on structure value. Don't forget to include the cost of any decking or patio, and fixtures and fittings.

Improved policy benefits
